

Rights and Duties Of the children

The Clinic embraces the statement C-900 of 2006 of the constitutional court regarding children's rights.

Our Clinic defends and respects children's rights and ensures the compliance of your rights as basic postulates for a humanized service centered on the person.

You have a right to:

A fast attention in the case of mortal danger, not bound to parental consent or other people.

01

Know about the illness you have and the reasons for your stay in the Clinic, and that this **information is only known by you and your**

02

Have your health taken care of and your pain eased if necessary.

03

That everybody in the Clinic **treat you well.**

04

Your duties are:

To take care of your health.

Tell the Doctor everything related to your **state of health.**

Inform all the health personal when you are not feeling good or you feel pain, and to follow our recommendations.

Respect all the people that take care of you.

Tienes Derecho a:

Always remain accompanied by a responsible adult.

05

Stay in a **clean and secure** environment.

06

Get the necessary **nutrition according to your age** and your medical condition.

07

Have **playful and educational activities**, according to your age and medical condition.

08

Tus Deberes son:

Ensure that the minor is always accompanied by a responsible adult.

Take care of the **objects** that you find in your room and in the Clinic.

Inform your preferences and special conditions regarding your nourishment.

Participate in the playful activities of the Clinic, as it is possible.

In this place...

Love is timeless
